

**OUR COMMITMENT:** Going green is not just a trend in the building industry, it's a responsibility. Architects, builders, designers and contractors are now demanding more tools and resources to improve the environmental performance of buildings. Marino\WARE® supports the building industry in its efforts to create sustainable commercial and residential buildings.

**ABOUT LEED®:** As a member of the U.S. Green Building Council (USGBC), Marino\WARE® supports the Leadership in Energy & Environmental Design (LEED®) program and has LEED® accredited professionals on staff to answer your questions. The LEED® Green Building Rating System™ is a nationally accepted standard for sustainability. LEED® certification credits are based on the overall execution of the design, construction, and operation of high performance green buildings. A project must earn a minimum number of LEED® credits listed within the guidelines to certify.

**MATERIALS & RESOURCES:** Using products manufactured by Marino\WARE® can contribute to LEED® points under the Materials & Resources category.

- MR Credit 2.1 and 2.2 Construction Waste Management
- MR Credit 4.1 and 4.2 Recycled Content
- MR Credit 5.1 and 5.2 Regional Materials

Our line of light gauge and structural framing products and accessories are produced with 100% steel, a readily recyclable product with a high content of recycled material.

- Total Recycled Content: 32.7%
- Post-Consumer Recycled Content: 25.5%
- Pre-Consumer (Post Industrial) Recycled Content: 6.8%

**FOR MORE INFORMATION** on any Marino\WARE® product and its recycled steel content, or if you need help with your next LEED® project, our experienced customer service representatives and LEED® Accredited Professionals are available to assist you.

Marino\WARE® serves the entire Central and Eastern United States through our primary facilities located in New Jersey, Georgia, Indiana, and Texas, so you're sure to find a local facility within 500 miles of your project site.

Please call 1-800-627-4661 to speak to a representative near you.
